

# **VOLUNTARY PRODUCT SAFETY RECALL**

## **BINDEEZ BEADS TOY RANGE**

Moose Enterprise is conducting an immediate voluntary product recall for its entire Bindeez Beads toy range which comprises 22 products containing Bindeez Beads.

The recall follows information that some children who had swallowed the Beads became unconscious and required urgent medical attention.

Parents and carers of children should IMMEDIATELY remove the product from the reach of children. No person should ingest Bindeez Beads.

If the product is swallowed parents should seek immediate medical attention, even if no adverse symptoms are shown.

The affected Bindeez Beads products were sold at major retailers, supermarkets, toy stores and independent specialty stores throughout Australia since 1 December 2006.

Consumers are encouraged to return any complete products (ie. beads and accessories) in the Bindeez Beads range, including any made-up designs, to Moose Enterprise via the reply paid service below for a full refund of the purchase price. Consumers who only wish to return the beads (and any made-up designs) can do so. They will be exchanged for safe beads should bans be lifted or a refund of the cost of the beads. Please include complete contact details.

Moose will advise consumers in the event the current bans on the product (including the beads) are removed.

Please go to [www.bindeezrecall.com](http://www.bindeezrecall.com) or call the toll free number below for further information (Monday to Friday 9am-5pm).
